Inventory Mgmt Services

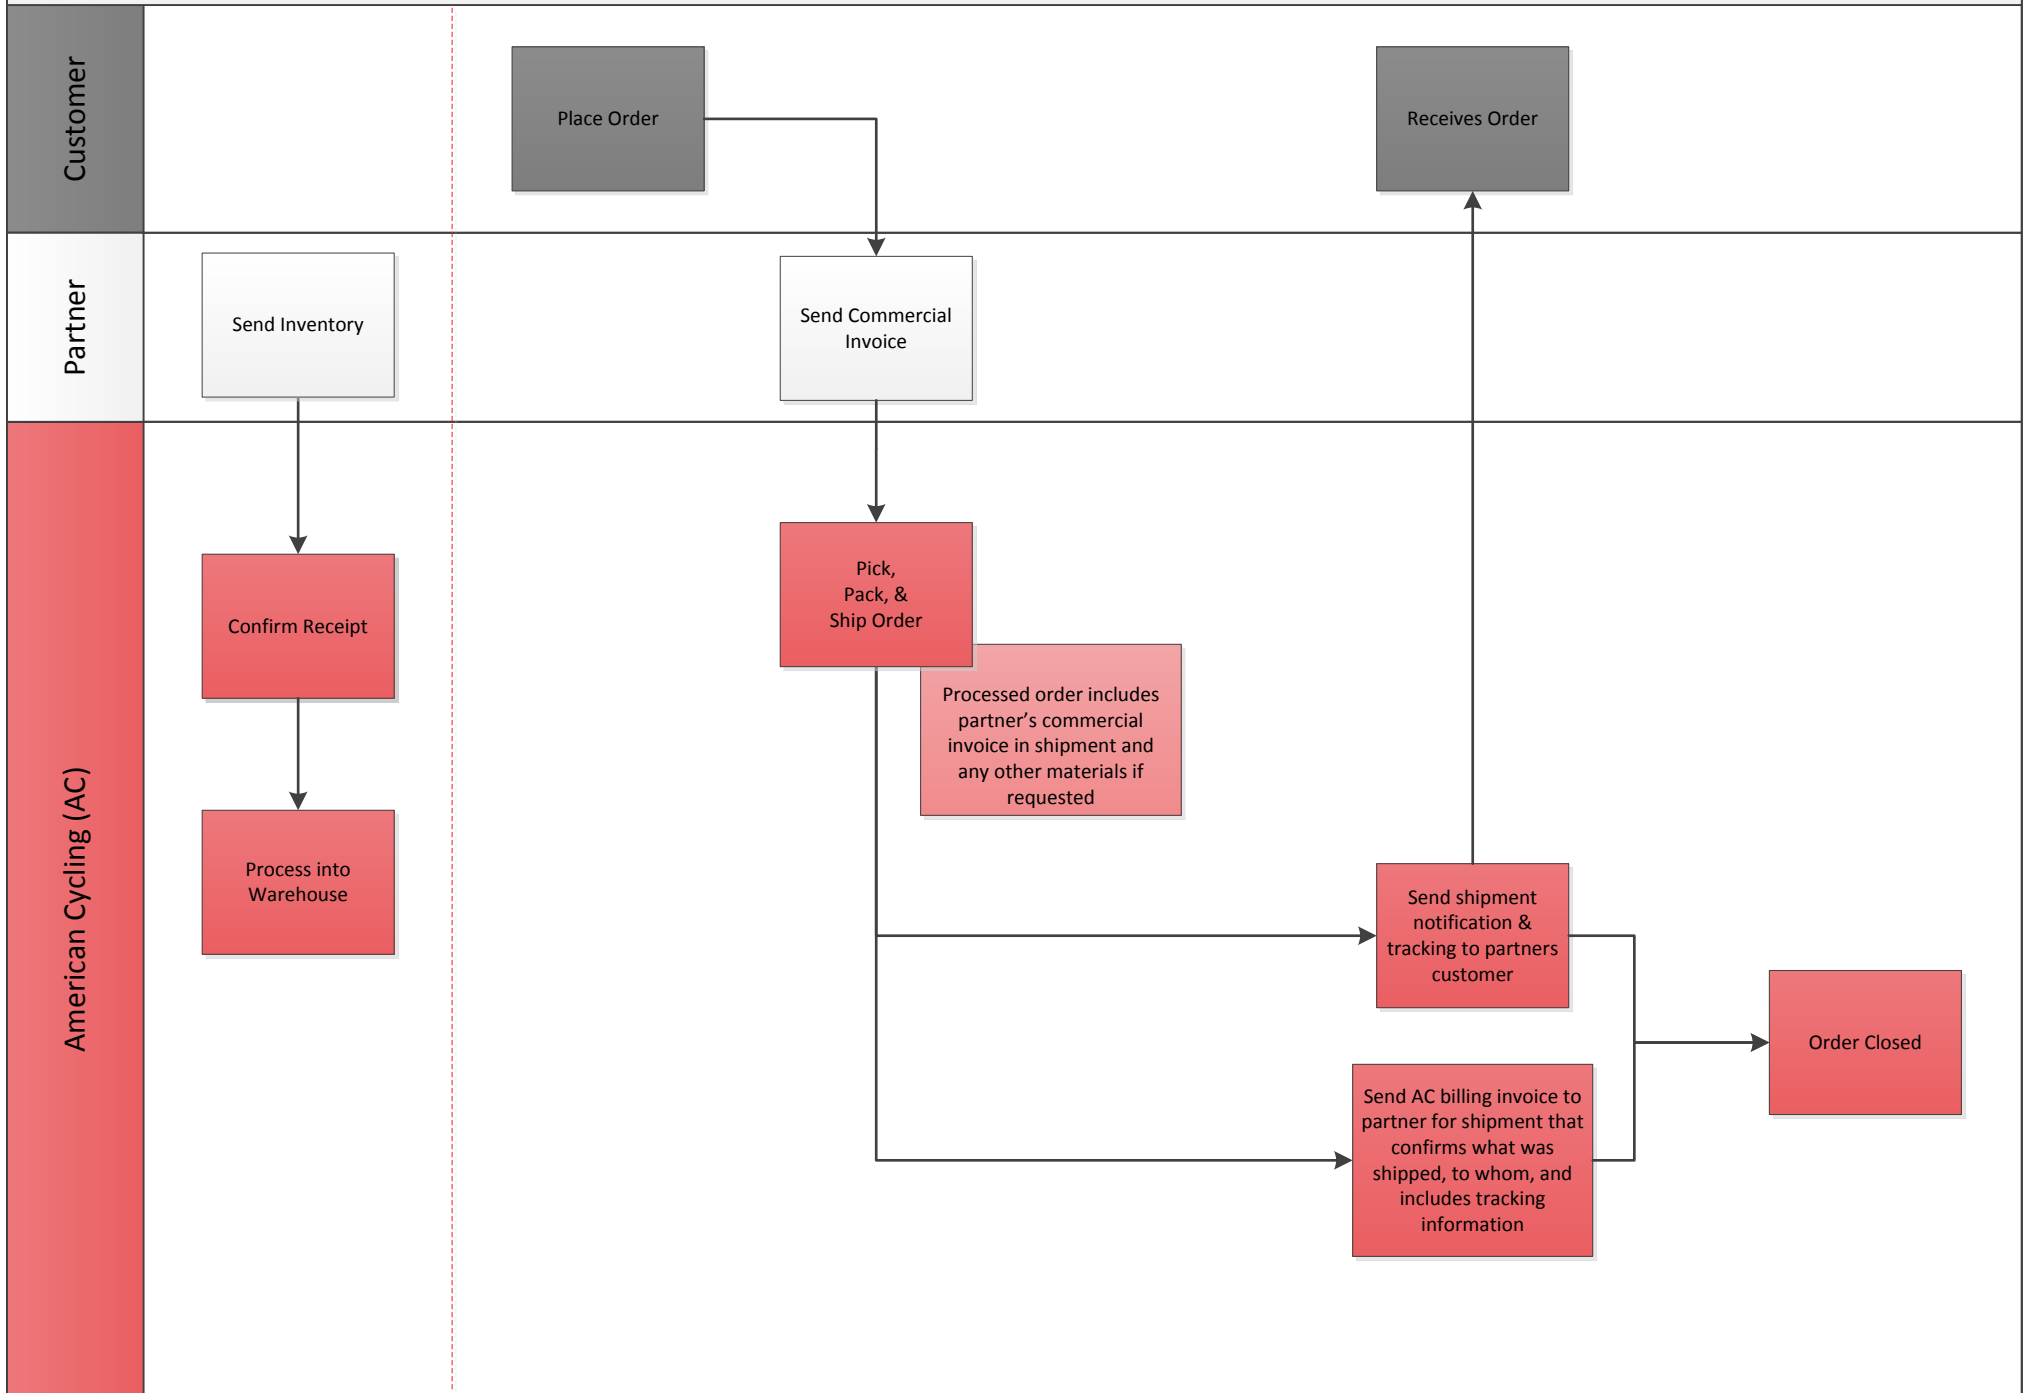

- Receive and manage your inventory safely and securely at our West Coast facility. Providing 1-2 day ground service to most west coast locations.
- All products delivered will be received, counted, inspected, labeled and added to our warehouse management software.
- Your product will be stored according to your products needs; in bins, on shelves or pallets.
- We assign only 1 SKU per bin for accurate picking process.
- Maintain proper inventory storage practices to maximize speed and accuracy of fulfillment operations.
- Maintain appropriate inventory records and provide periodic reporting as requested.
- Low cost storage with no minimums.
- AC is hazmat certified and equipped to handle your hazmat regulated products.

Pick, Pack & Ship Services

- AC operates a fully staffed US sales office and warehouse, managing sales, distribution and fulfillment services.
- We have a fulltime dedicated industry veteran sales team with over 30 + years' industry experience with the support staff necessary to deliver outstanding customer service. Our in house sales team can communicate as industry professionals offering added value and satisfaction to dealers.
- Fast, efficient and accurate pick process.
- One SKU per bin to eliminate picking errors.
- Same day shipping.
- Custom reporting.
- Automated email tracking notifications.
- Free stock packaging.
- Custom packaging with your company logo upon request.
- Inserting additional sales literature in order at no charge.
- Handling of returns and exchanges.
- We ship your order your way!
